

Work Plan Day 1

Written by Jonathan Corrales Jimenez.

Due date: 28/12/2021 before 1:00 pm

Objective: To create entities and their dictionaries.

Follow names from logic model in order to ease the editing.

Logic model was uploaded to Tec Digital.

-Do not add alter tables for foreign keys yet, some names might not be valid

-Two documents per each entity.

1. Sql document or txt with code
 - a. Name of the document as 'nametable'.txt
2. Spreadsheet document (.xls)
 - a. Name of the document as 'nametable_dictionary'.xlsx

Upload documents to our github under entities or dictionaries
